## Colad Turbomix™ Paintsaver™ Paint Stirrer

Perfect consistency and pigment blend are crucial for a spotless end result. Mixing paint with the Turbomix™ Paintsaver™ paint stirrer speeds up the process, reduces paint wastage and ensures a perfect result! Thanks to the innovative and patented z-shaped design with uniquely shaped holes, the Turbomix™ Paintsaver™ is now capable of 30% faster stirring, which increases to almost 40% with metallic paints.

The built-in 'break it to save it' system ensures any excess paint is effortlessly removed from the Turbomix™ Paintsaver™ before disposal (up to 5-7 grams per use). Break it before you mix to save paint and pigments.

The dispenser box is easy to mount at working height with the Universal Bracket (art.no. 937020).

The benefits of the Turbomix™ Paintsaver™ Paint Stirrer:

- Perfect consistency and pigment blend
- Save up to 40% mixing time with metallic paints
- Save up to 30% mixing time with conventional paints
- The innovative 'break it to save it' system ensures excess paint and pigments are removed
- Extra strong
- Ergonomic handle
- Break, mix, save!

## Packaging information

512 pieces per dispenserbox

## Technical information

- Colour: Black
- Content: 512 pieces
- Packaging Unit: Dispenser box with 512 pieces
- Dimensions: 22 x 2 cm

## Pro Planet Proof

The products of Pro Planet Proof\* are provided with a QA-CER certificate. This certificate was obtained through audits conducted both internally and externally. The QA-CER certificate shows that this product contains 75% recycled materials. Besides the product itself the box is also made from recycled cardboard and is 100% recyclable up to 26 times. The Pro Planet Proof boxes are flexo printed with water-based ink, which makes the print also more sustainable than regular prints.

The Turbomix™ Paintsaver™ consists of various raw materials such as 75% recycled post-consumer plastic. PCR is a raw material made from household waste. The waste is collected, sorted, cleaned and reheated and ground into the PCR granulate. This granulate is used to make new products. For the other raw materials, the Turbomix™ Paintsaver™ consists of 20% talc and 5% masterbatch for colour retention.

### \*Pro Planet Proof

The word mark 'PRO PLANET PROOF' is used by EMM within its Colad and Hamach brands and has no relationship whatsoever with the quality label 'On the way to PlanetProof' registered by SMK.
